'Adventures with Agitators' - In Conversation with Lawyer & Author **Paul Richards** about Indigenous Struggles for Justice

In a 50-year legal career pursuing Indigenous civil rights and land rights, and helping to found the Aboriginal legal service, **Paul Richards** recently published stories of the resilience, determination, patience and tolerance of the 'brave agitators' – the Aboriginal peoples and Torres Strait Islanders of Queensland – in their many battles for justice.

In a series of short yarns about their battles in the justice and political systems, Paul Richards' book exposes the cruelty and hypocrisy of the ruling elite of Australia in pursuing policies of segregation and marginalisation. Paul Richards had the advantage of being privy to their tragedies and dramas – as well as their humour and humanity.
